* For Horizontal Surfaces, Anti-Slip Compounds may be added to provide anti-slip properties. Please consult manufacturer's datasheets and label for proper application instruction.

SOLID COLOR STAINS

Solid Color Silicone Concrete Stain
Solid color stain ideal for walls and floors subjected to pedestrian traffic.

Heavy Traffic Solid Color Urethane Stain
Solid color urethane stain ideal for vehicular traffic. Excellent for use on garage floors, parking decks and warehouse floors subjected to vehicular traffic.

SEMI-TRANSPARENT STAINS

Semi-Transparent Silicone Concrete Stain
Semi-Transparent stain ideal for walls and floors subjected to pedestrian traffic.

Heavy Traffic Semi-Transparent Urethane Stain
Semi-Transparent urethane stain ideal for vehicular traffic. Excellent for use on garage floors, parking decks and warehouse floors subjected to vehicular traffic.

CONCRETE PREP & PROTECTION

Self-Dry Concrete Etcher
Quick drying material that will prepare surface for adhesion of stains and urethanes.

Surface Pro-Tektor
Clear protection against graffiti damage, scuffs and stains.

CONCRETE SEALERS

Urethane High Gloss Sealer
Clear Coating where a high gloss is desired. Use over Rainguard stain products or on bare concrete.

Urethane Low Gloss Sealer
Clear Coating where a low gloss is desired. Use over Rainguard stain products or on bare concrete.

WATERPROOFERS

Waterproofer for Wood & Masonry
Deep penetrating natural finish water repellent that protects surfaces from water damage.

Wet Look Sealer for Wood & Masonry
Penetrating sealer that provides a wet look finish.
